20-December-2023

Dear Mr. Paul Van Rensburg,

I'm pleased to inform you that VR Print has nearly completed the technical validation and is well on the way to being an officially accredited Scantrust Printing Partner.

In addition, VR Print is the only printing company in South Africa which can produce the Scantrust Anti-Counterfeit QR code.

We look forward to working together in 2024 and beyond.

Regards,

Tim Hadsel-Mares
Regional Director
Scantrust S.A.
